

FOR IMMEDIATE RELEASE

Xyli-Tots Anticavity Rinse

Caries is the #1 childhood disease according to the CDC, so why not use a product that focuses on promoting good oral health? CariFree Xyli-Tots Anticavity Rinse is designed to promote healthy bacterial growth and limit the growth of decay-causing strains. This rinse contains 3 grams of xylitol per swish, fluoride (0.05% neutral sodium fluoride), and patent-pending pH+ technology to neutralize cavity-causing acids. Designed to lower caries risk and maintain long-term oral health.

Available in Grape Giggles and Watermelon Wiggles flavors, 16 fl oz bottle (473 mL).
