

FOR IMMEDIATE RELEASE

Xyli-Tots Tooth Gel

Caries is the #1 childhood disease according to the CDC, so why not use a product that focuses on promoting good oral health? CariFree Xyli-Tots Tooth Gel is a fluoride-free gel that combines the proven benefits of xylitol with CariFree's patent-pending pH+ technology. It's safe to swallow and with its fun grape flavor it's sure to promote good oral health. Designed to be used twice daily in place of toothpaste.

Available in Grape Giggles flavor. Each box contains one 2 fl oz (60 mL) bottle.
